Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Art of Accompanying A few anecdotes have been allowed to creep into the book, chiefly in this section. Humorous experiences fall to the lot of the accompanist far more frequently than to any other class of musicians, and it seems a pity not to put some of them on record. It is possible that a considerable portion of this second part will prove anathema to art-lovers and to those who consider chapters on the lighter forms of music to be out of place in an educational treatise. Undoubtedly, it is not customary in an art-manual to deal with art except in its higher manifestations. We needs must love the highest when we see it. But whereas the creative artist can usually choose the type of work he will create, and the executive artist the type of work he will perform, the accompanist has no choice whatever. He must play what is given him to play, and this being so, he must learn to get the utmost possible effect even out of works that as art-products can make no claim to anybody's esteem.
