Powerful strategies, tools, and techniques for educators teaching students critical reading skills in the humanities. Every educator understands the importance of teaching students how to read critically. Even the best teachers, however, find it challenging to translate their own learned critical reading practices into explicit strategies for their students. Critical Reading Across the Curriculum: Humanities, Volume 1 presents exceptional insight into what educators require to facilitate critical and creative thinking skills. Written by scholar-educators from across the humanities, each of the thirteen essays in this volume describes strategies educators have successfully executed to develop critical reading skills in students studying the humanities. These include ways to help students: focusactively re-read and reflect, to re-think, and re-considerunderstand the close relationship between reading and writingbecome cognizant of the critical importance of context in critical reading and of making contextual connectionslearn to ask the right questions in critical reading and reasoningappreciate reading as dialogue, debate, and engaged conversation In addition, teachers will find an abundance...
