Reviews

This publication will be worth purchasing. It really is writter in simple terms instead of difficult to understand. Its been designed in an exceptionally simple way and is particularly only right after i finished reading this ebook in which basically modified me, alter the way i believe.

(Prof. Loyce Runolfsson Jr.)

HUMAN SIGMA: MANAGING THE EMPLOYEE-CUSTOMER ENCOUNTER

BRILLIANCE AUDIO, 2017. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. Six Sigma changed the face of manufacturing quality, creating excellence by reducing variance in finished goods, revolutionizing businesses, and boosting profits. Now, Human Sigma is poised to do the same for sales and service organizations. This book offers an innovative, research-based approach to one of the toughest challenges businesses face today: how to drive success by effectively managing the moments when employees interact with customers. Based on research spanning 10 million employees and 10 million customers around the globe, the Human Sigma approach combines a proven method for assessing the health of the employeecustomer encounter with a disciplined process for improving it. Human Sigma is based on five new rules to bring excellence to the way employees engage and interact with customers: RULE #1: E Pluribus Unum. Employee and customer experiences must be managed together -- not as separate entities. RULE #2: Feelings Are Facts. Emotions drive and shape the employee-customer encounter. RULE #3: Think Globally, Measure and Act Locally. The employee-customer encounter must be measured and managed at the local level. RULE #4: There Is One Number You Need to Know. Employee and customer engagement interact to drive enhanced financial performance. And this interaction can be quantified and summarized with a single performance metric. RULE #5: If You Pray for Potatoes, You Better Grab a Hoe. This means that good intentions alone do not constitute a plan of action. Sustainable improvement in the employee-customer encounter requires disciplined local action coupled with a companywide commitment to changing how employees are recruited, positioned in roles, rewarded and recognized, and importantly, how they are managed. Essential reading for today s global business leaders, Human Sigma shows how sales and service companies can flourish in the new global economy. It reveals...
