LIVING ACTIVE: A FAITH THAT MOVES MOUNTAINS FULFILLS DREAMS (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Living and Active is an inspirational text that includes findings from a 5 year Empirical Research data study that captures Judicial and Political Corruption. The Researcher studied the historical career progressions of one married Judicial couple, in the State of Maryland; and found that the Republican Husband and the Democrat wife, and Daughter used their Judicial and Political influence to build and conceal a real estate criminal enterprise overtime. The qualitative finding shows that the wife used her State position to defame a Greek, Republican, Vice President of the United States of America in the 80 s; and years later utilized her judicial position to defame a Minority, Democrat, President of the United States. Ironically, the judicial housing crisis was on set by this Judicial family under the Bush Administration. Is there a casual connection between George Bush s Father failure to appoint the Republican husband to the Fourth Circuit, and the housing crisis that was inflicted by the Courts on the United States and the American people? Is there a causal connection to the unresolved housing crisis and Obamas failure to Appoint the wife to the Supreme Court Bench? The data is speaking. Are you listening? This text also captures the actions of a Judicial Officer who was nominated by the Maryland Senator, and shows how within the first few months of siting on the Federal bench; he participated in the married judicial couples: theft of property, careers, and obstruction of justice for victims scheme, but without jurisdiction. This text is a manifestation of Prophecy: God Is Dealing With Corruption. Thank you Jesus.
