Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Some suggest science and the Bible can t work together. Biblical scholars might say the Bible is Aetheric and Scientists may say the Bible is error filled, but as Science has progressed, all of the proposed Bible errors have all turned out to have been ahead of science and now Quantum mechanics and Participatory Anthropic sciences have confirmed the Bibles authority concerning the universe, reality, and life. This book describes the travels and final agreement showing people can turn water into wine and walk of water. Without Heaven we know our universe could not exist and reality is based on quantum fluctuations that can be controlled by faith.
