Employee Surveys in Management: Theories, Tools, and Practical Applications (Hardback)

By -

Hogrefe Publishing, Canada, 2008. Hardback. Condition: New. Language: English . Brand New Book. Employee surveys are the central tool for accelerating strategic organization development. They allow managers and consultants to assess an organization on its soft factors such as leadership and employee engagement, leading to actions that reduce problems and turn opportunities into tangible results. This practically oriented book details both the factors to be considered and the steps necessary for developing a successful employee survey process - from administration to action. In doing so, the authors draw upon organizational psychology and survey methodology, as well as their wide practical experience with employee surveys in North America, Europe, and multinationally. This book not only shows how to plan and execute employee surveys, but also offers a host of models, methods, examples, and theory for what to do afterwards, including standard and nonstandard data analysis, presentations of results to top management, running workshops with managers and staff on the survey results, and planning and implementing actions. It also includes numerous practical tips and handy checklists that go far beyond simple how-to recipes. Rather, all recommendations are discussed so that their rationale becomes transparent and adaptations can be made to optimally fit the needs...

Reviews

Thorough manual for ebook fans. it had been writtern quite properly and valuable. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Dr. Catherine Wehner**

Absolutely among the best book I have possibly go through. I have go through and that i am certain that i am going to gonna read through once again again in the future. I am just delighted to tell you that this is basically the finest book i have got go through within my personal existence and could be he finest book for ever.
