Excerpt from Hereditary Peers and Hereditary Paupers: The Two Extremes of English Society So long as the force of circumstances has kept him at a distance from the lovely charmer, the links forged by an ardent imagination for the enslavement of his soul have remained strong as adamant. A glimpse of a fairy face, caught at church or Opera, would throw a spell over his susceptible soul. What a divine smile! He would mentally ejaculate. What heavenly eyes What an angelic face In the retirement of his lonely rooms, the very recollection, reproduced by an intensely vivid imagination, would take his prisoned soul and lap it in Elysium. And if one smile could so beguile, what ecstasy, he would reason, to approach the fairy like creature, come within the immediate sphere Of her attractions, sun oneself in those divine smiles, gaze into those heavenly eyes, and hang enraptured over every syllable that dropped from those ruby lips. He would move heaven and earth until he obtained an introduction. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find...
